Dear Mr. Wilson

Please accept this letter as my resignation from the position of Software Engineer at Spark NZ, with my last working day set for July 5, 2025. After thorough reflection and consideration, I have decided to take a step back from my career and refocus on personal wellness.

My journey at this company has been both rewarding and enriching, and I'm genuinely appreciative of the opportunities and experiences I have had.

I am grateful for your support and understanding as I finalise my current projects. Please let me know how else I can help to make this a smooth transition for you and the team.

Sincerely,

A large, stylized handwritten signature in black ink that reads "Sicong Jiang". The script is fluid and cursive, with the first letters of both names being capitalized and prominent.
