Job Application for General Election 2023 - Auckland Central Electorate

Dear Sir/Madam,

I am writing to express my keen interest in working for the General Election - 2023, as advertised on the election commission website. With a genuine enthusiasm for democracy and a diverse range of skills and experiences, I am confident that I would be a valuable addition to your team at both the voting places and electorate headquarters.

Allow me to share a personal experience that exemplifies my passion for democracy. As someone born and raised in China and having completed my university education in the US, I have witnessed and experienced different political systems. This exposure has instilled in me a deep appreciation for the value of democracy and a strong curiosity about how political processes shape a country. Although I have not had the opportunity to work in election events in China or the US, my interest and dedication to the democratic process remain unwavering.

As a software engineer by trade, I possess a high level of comfort with various technologies. My attention to detail, honed through my work in programming and software development, will enable me to meticulously carry out tasks related to the electoral process. Furthermore, my experience collaborating with diverse teams has fostered my ability to work harmoniously with people from different backgrounds. I firmly believe in the importance of inclusivity and understanding when working with diverse groups.

I am excited about the opportunity to contribute to the democratic process in New Zealand and support my local community through this role. Additionally, my organizational skills, community orientation, and passion for democracy align perfectly with the requirements of the position. I am confident that my ability to plan and execute tasks effectively will contribute to the smooth functioning of both voting places and electorate headquarters.

Please find attached my resume for your review. Thank you for considering my application. I look forward to the possibility of contributing to the democratic process in New Zealand and supporting the electoral team.

Sincerely,

Sicong Jiang
